

# FUZIMAGIC JOURNEY

*A journey of healing, inspiring, empowering & discovering*

The journey began when I was in the Building & Construction industry in 1975.

Many curious twists and turns and lots of lessons learnt as a rose among the thorns in the industry. In the beginning felt like an ALIEN in my workplace. Well, a time to learn-unlearn-relearn about a few things. Slowly and quietly, the first BRIDGE OF GOODWILL was built. No one could SEE this bridge but many could FEEL it was there! The amazing experiences taught me to RESPECT, ACCEPT and CELEBRATE differences until differences make no difference anymore.

In mid March 2007, began writing a 7 – 12 years old children story about Aliens on a Goodwill Mission with a Go Green twist. R & D for almost 5 years until suddenly an inspiration to CREATE a development program linking the privileged to the under-privileged as a CSR initiative.

Visited Pusat Jagaan Suci Rohani on March 11, 2012 to seek permission from Ustaz Khalid and Ustazah Zarina to implement a FUZIMAGIC STUDENT DEVELOPMENT PROGRAM. “You are going to do this alone?” asked Ustaz Khalid.

YES, alone with only a DREAM in my heart. Warm tears trickled down my cheeks. “Let’s make it happen first and see the development” I replied with belief, belief, belief in my heart and soul. One little step, two little steps and then ...

Like magic, the FIRST sponsor – EZ MONEY EXPRESS SDN BHD, Kota Kinabalu supported the idea on 18.3.12. A week later, the FIRST volunteer, Puan Norlaila Taib and her two children, Nurhasnani & Muhammad Aiman, stepped forward. The following week, **Ms Camie Choo** offered to help me. The next volunteer was Ms Maria Yow Kum Lan who helped me with activities at Rumah Hope, Paramount Garden. Indeed, this was how it all began. Thank You to everyone who willingly supported a Dream-in-Progress. We will honour our PLEDGE to empower children to Dream Big – for yourself, for your country and for the WORLD.
