

Projecto Darte month by month

Newsletter #31

May 2016

Um mês com muito para contar!

Ass. Futuro Autónomo

Sponsored by

for the real world

This month we made different clothes from big T-shirts. The Darte Students designed, cut and decorate their pieces and made a runway show in the end. It was fantastic!

Centro Social 6 de Maio

Sponsored by

for the real world

Our artists in Damaia have been decorating mirrors with colourful squares, just like Elmer the elephant. A motivating project for all that looks stunning in the end!

We are looking for a new place

We are looking for a new place for Projecto Darte

We currently have a fantastic office in R.Alexandre Herculano, ceded by Quinta do Pinto and a basement in Belém, where we keep all the materials and prepare the sessions.

For logistical reasons, we are now looking for a place in Lisbon that gathers both:

- **Small office**
(space for 3 people)
- **Training room**
(where we can also keep all the materials)

Thank you!

Oeiras International School

May was a productive month in OIS, with all working in a recycling project with plastic bottles and cardboard. The birds look wonderful with all the colours and feathers!

Apoio à Vida

The Apoio à Vida Mothers have been working on aboriginal art this month. They decorated plates inspired by images and traditional folk tales from Australia.

EB 1 Samuel Johnson

Sponsored by

In this school in Caxias, the Darte Students worked with different materials this month: the Year 1 Darte Students painted ceramic and fabric, the Year 2 made aprons and the Year 4 finished their magazine boxes and started a collage project.

"I love Darte!"
Darte Student,

Projecto Darte month by month

Thank you, MSC!

We received a donation from the **Mediterranean Shipping Company** that funded two Darte groups this term: one in Chelas and another one in Damaia. This is a fantastic sponsor that enables 16 young people to benefit from the Darte methodology for 12 weeks.

"Say thank you to the people who give us all these things."

Darte Student, 11
AFA, Chelas

MSC 25th Anniversary Gala

Congratulations to **Mediterranean Shipping Company** for their 25th Anniversary. We have been honoured to be invited for the celebration of this important date, that took place in Estufa Fria, in Lisbon. There was an exhibition of artworks made by the Darte Students and it was a beautiful night where we were inspired to work hard and believe in a happy future for Projecto Darte. A special thank you to Mr Carlos Vasconcelos for the fantastic opportunity he gave to Projecto Darte.

More pictures in our Facebook.

Projecto Darte rolling with KIA!

Thanks to the continuous support KIA gives to Projecto Darte, it was possible to transport all the materials to the MSC gala. Our **KIA Venga** is awesome! A big thank you!

Launch of the GEOfundos platform

We were at the launch of the GEOfundos platform in Gulbenkian, learning how we can benefit from this service. This is a great support to the Social Economy agents, offering support in fundraising.

Birds exhibition in OIS

This month concluded with a plaster birds exhibition made by our Darte Students from Oeiras International School.

These colourful birds embellished the main hall in school and were admired by everyone in the school community!
