ABOUT US

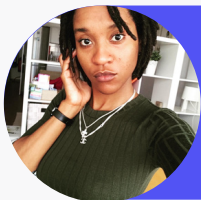

Sopas e Descanso was founded in a new global era, at that time we discovered that we could work from home and that's how our amazing story began, in this adventure we realised that with a minimum of adaptation, we have succeeded in keeping the productivity and growing business. .

Our idea is to enhance, promote, celebrate our gastronomy and our rich African culture;

We are a professional and qualified team, we have the inclusion of several cultures among the professionals, which makes our cuisine also very international;

We aim to make the world healthier and we work with passion to ensure that we slowly make the world a better place!
