

WORLD STREET WORKOUT & CALISTHENICS FEDERATION

Gertrudes street 10/12-36, Riga, LV-1010, Latvia

Riga

August 01, 2017

No. 08/01/2017/10

To whom it may concern

On support of Street Workout Power and Strength World Championship 2017 in Riga, Latvia.

Dear Sir or Madam,

My name is Maris Slezins and I am the Chairman of the World Street Workout & Calisthenics Federation (the "Federation"). The Federation is a non-governmental, non-profit, international sports organization, which promotes and develops street workout movement all around the world. Street workout is a relatively new movement, but currently it rapidly gains recognition and the number of its worldwide followers has already reached millions. Apart from sports side, the Federation emphasizes the social role of street workout among the youth and children. Another goal of the Federation is to unite the street workout followers around the globe. At this moment, Federation consists of 126 member organizations from 72 countries. More information about the Federation can be found at www.wswcf.org.

This year we want to host participants from Portugal and we are asking to support Viviano Rocha as a selection to *Street Workout Power and Strength World Championship 2017 in Riga*. We would be grateful, if you supported Viviano Rocha by covering his travel expenses to Riga Latvia. Supporting Viviano Rocha will be a great promotion of healthy lifestyle and simple sports activities in Portugal.

If you need more details, we will be happy to answer all your questions. Please contact the Federation: e-mail address of the Chairman of the Federation Maris Slezins: maris.slezins@wswcf.org, Federation mobile phone: +371 26332884.

Yours faithfully,

Maris Slezins
Chairman of the World Street Workout & Calisthenics Federation
